# Description:

**Annihilation Strike?:** No.

**Description:** This creature appears to be a small silver dragonling with nearly transparent membrane wings.

**Eye color:** Silver.

**Eye shape:** Small and slanted.

**Height:** 3'-0"

**Length:** 9'-0"

**Skin color:** Silver.

**Skin texture:** Scaly, like a dragon.

**Posture:** Avian-quadruped (this is a dragon-like creature that walks on four legs when grounded).

**Weight:** 100 lbs.

**Wing contour:** Membrane.                      The wings of this creature are as transparent as the wings of a dragon fly, yet are shaped as a dragon's wings and as flexible as leathery hide.

**Wingspan:** 9'-0"

**Dislikes:** Insects. This creature will go out of its way to kill and feed upon any type of insect it becomes aware of, even if it attacks an insect that could very well kill it.

**Disposition:** This creature hunts in small swarms, seeking out its favorite meal . . . insect. During the daylight hours it seeks shelter within the protective branches of trees high up off the ground. During the night it does the same, sleeping. This creature will most always be encountered in the late afternoon to early evening and late mornings.

**Fears:** Unknown.

**Habitat:** Acid Dimension (wilderness). This creature is rarely found in other regions as well.

**Immunities:** Acid.

**Life-span:** 1 year.

**Likes:** Insects as a meal.

**Needs:** Basic needs of life (food, water, shelter, etc.)

**Note:** It is rumored this creature's bite inflicts an acid burn. This is false. Even though these creatures are immune to acid, they do not inflict acidic damage with a bite.

**Special Abilities:** None.

**Special Defenses:** None.

**Special Offenses:** None.

**Susceptibilities:** None.

**Weapon susceptibility:** Rank-0 (or better) weapon to harm.
