Description:

Annihilation Strike?: No

Description: This massive and fierce predator stands 28' in height, 56' in length, and has an amazing wingspan of 84'. It weighs 2,100 pounds. It's piercing black eyes seem dark as night itself.

Dislikes: Dragons. The Kyrokk will go out of its way to slaughter dragons. It has a sense about it that tells it instinctively whether it can harm a dragon it sees or encounters.

Disposition: The Kyrokk has an even temper of always being in the mode of confrontation. In its ever ravenous hunger, it seldom allows for communication with other creatures.

Fears: Nothing

Habitat: Volcanic.

Immunities: Charm spells and abilities, Fear, Fire and lava (magical flame causes 50% damage).

Life-span: 300 years.

Likes: Larger game.

Needs: Unknown

Note: The Kyrokk is an enormous bird that lives within the Volcanic region. It loves the warmth and dry climate. This bird will kill and store future meals within its eerie far upon volcanic mountains.

Special Abilities: The Kyrokk can speak Pyrran Elf.

Special Defenses: Blunt weapon attacks: 91%

Special Offenses: None

Susceptibilities: This great avian creature fancies Druids, Dryads, Sylph, and all other fairy-kind. It has the innate ability to recognize them on sight.

Weapon susceptibility: Rank-1 (or better) magical weapon to harm.
