

# Potions, Explanation of: Zoom

Area of Effect: Imbiber only.

Avoidance-roll: See: "Explanation of Potion".

Doses: 1 dose.

Damage: See "Explanation of Potion".

Duration: Permanent.

Effect time: 3 turns (15 seconds).

Explanation: This is a dangerous potion to use as it has a chance of killing the one who imbibes it.

The following formula tells the chance a person has to survive the absorption of this potion's power:

101 minus drinker's constitution = %Roll needed to survive potion's absorption. Best roll chance = 41+

If the Zoom Potion does not create the system shock (the % chance that will kill a person instantly when it is absorbed) a person will become permanently zoomed at x2 speed for the remainder of his or her life with no chances of heart problems or system shock strain thereafter (as is the case with the Quickness items and potions).

The one who drinks this potion will become twice as fast, in every aspect, thus gaining two turns in one.

This liquid absorbs into a persons being. So the 05% chance that other items have, doubling a persons speed, to slay a character does not apply to this potion's use. The initial absorption of the potion is the only chance.

After absorbing the Zoom Potion, for a character to speed up, becoming x2 zoomed, a hostile, or threatening situation must present itself. The person which has absorbed the liquid (and survived) will automatically Zoom if trouble presents itself.

A person will only be zoomed in battle and life threatening, urgent, situations.

If a person dies and is brought back to life, the Zoom effect will be lost.

Merely imbibing the Permanent Zoom Potion will age a person. The following chart will tell how many years a Permanent Zoom Potion will age a person Vs. their constitution:

<u>Constitution</u>	<u>Aging effect</u>
