

# Magic Weapons

Magical Weapons are weapons that have been spell-bound to cause more damage, and forge a stronger durability into the weapon. Sometimes it takes a magical weapon to harm a certain creature.

1

For every rank of a Magic Weapon the damage caused by that weapon will increase by one.

2

Each rank of a weapon is worth an extra 75 W.G.

Example

A rank-1 Magic Weapon is worth 75 W.G., Rank-2 is worth 150 W.G., Rank-3 is worth 225 W.G., etc. This is only the rank value. The weapon itself is valuable as well.

A rank-0 Weapon, this means it is non-magical.
