

# Fools Gold:

When this chest is opened, you will see the glitter of gems, gold and silver within. This gold and silver is the bait for the unwary, but is merely illusion.

When you attempt to take the gold and silver out of the chest, your hand will pass through it. As this happens, the lid will snap down hard, attempting to lock onto your hand. To evade the chest's bite, you must roll a 20.

Fail: 1-D12 x12 damage will be taken, and it will not let go. To pull free of the chest, you must roll a 20 (using a D20). If you manage to pull your hand out of the chest, 1-D12 x6 more damage will be taken.

Success: The chest will remain shut tight for a while, and then reopen.
