

# Containers, Random:

The following chart is for finding out what something is found in (i.e., coins, items, etc.). If this applies, when one container is filled with coins or items, roll to see what each container will be.

Keep doing this until all coins and items have their proper place.

Roll on the following chart to find out the container found:

01-20

Backpack:

%Roll: Backpack size:

01-50: Small / 4,000 coin capacity

51-00: Large / 2,000 coin capacity
