

# Scholar

The Scholar is adept at reading, learning, memorizing and reporting on passages of script, whether it be a book, a scroll, runes, or engravings. This skill does not include magical studies unless the scholar follows that specific path of magic.

Note: There is no mastery for this trade-skill.

Modification-point cost: 7

The following are all the facets to the studies of the Scholar:

## Scholar Studies:

**Comprehension** (understanding new material)

**Hands on Report** (applying what is learned in text or verbal instructions)

**Memorization** (remembering what is read or taught)

**Oral Report** (presenting material to a group verbally)

**Reading** (following the script of a writing document)

**Writing** (creating script in a logical order and meaning)

**Written Report** (presenting material to a group in writing)

Keep a list of the different types of studies (listed above). Each time you are successful at any study, your skill will increase.

# Scholar

The Scholar is adept at learning in many ways.

Only one who has studied and passed the test of the Scholar can consistently, and successfully, progress in the field of the Scholar.

Modification-point cost: 7 (this has already been purchased -- 7 modification-points will be all that is required.

Training Time: 7 weeks (49 days).

Training note: This is an averaged time to complete the full training course for each style of the scholar. One week will be spent to teach each style learning. Training time can vary according to the student's Intelligence.

For every 2 points of Intelligence above 30, the training time will be reduced by one day (minimum 4 days to train in EACH style of the scholar).

For every point of Intelligence below 20, the training time will be increased by two days in EACH of the seven Scholar Studies.

Training Cost: 30 white-gold per day of training + the cost of materials.

---

Your Intelligence will be the % chance to be successfully at each of the Scholar Studies. Example: If you have a 30 Intelligence, you will have a starting 30% chance to succeed at each of the Scholar Studies.

For each successful attempt at any of the Scholar Studies, the % chance to succeed will increase by +1.

Example:

If you have a 30 Intelligence, and are successful at any one of the Scholar Studies, you will gain +1 added to your current 30% chance the next time you attempt to do the same (you would have a 31% chance). If you succeed at the same study again, your skill using that same study would increase from 31% chance to 32%.

Maximum success chance: 99% Remember to keep a record of all the Scholar Studies.
