Avoidance-roll: None

Charges: Permanent ability.

Command word(s): None.

Damage: As the normal damage of the mace.

Duration: Not applicable.

Effect time: The effect time of this weapon is constantly in effect. All that needs to be done is for the wielder to hold out his or her hand and the Homing Mace will fly to it.

Explanation: The Homing Mace is a curious weapon. For when its wielder throws it, on the next turn a hand can be held out, and it will rise of its own accord and return to his or her hand.

Miss-Strike: The wielder will not drop this amazing weapon, or be penalized in any way for an attack roll of 03-04. This roll will be merely treated as a miss.

Travel distance per turn: The distance per turn the Homing Mace can travel = Wielder's strength x3. The Homing mace will fly through the air, evading opponents as if it were the wielder. It cannot strike nor damage a target in its flight back to its master.
