

# Alchemy

**Modification-point cost:** 8      This modification-point cost is merely for the basic study of Alchemy. After purchasing Alchemy, each recipe will also cost modification-points to learn, and will be listed in each recipe.

**Prerequisite(s):** Trade-Skill: "Geological Studies".

Alchemy is the knowledge and ability to tranform something base into something precious.

By alchemy, you can mix two ingredients or more together to create something specific in design and usage. When alchemy is applied as a skill, you can create something of great value rom lesser valued materials.

While Alchemy can be a more difficult, and often times dangerous, skill to pursue, it can also be quite useful. More will be added as the ancient alchemists bring to light more of the mysteries of Alchemy. The following are all ingredients and recipes which are used in Alchemy:
