

Map, Important

G.M.: This Important Map is totally left up to you to create. Use your imagination.

Make up an Important Map that will intrigue players. It may be a map to a city, or an area. This map could be modern or old . . . even ancient. It may be of some value as well.

G.M.: An Important Map is up to you to create. Make it blend in with the adventure you are taken players through. If a real adventure (a plot) has not developed, maybe this "Important Map" will help.
